

## Annual Report (2022-23)

Before I present a brief description of our achievements in different fields, I express my gratitude to our President of the Lotus Podar Learn School-Omerga Shri. Vyankat Argade Sir and Honourable Trustee Members, who not only look-after the welfare of this institution but also guide and motivate us to achieve higher goals every year. What we are today is due to their farsighted vision and strong will to set up educational institutions. Today Podar Group has grown into a big tree and have 140 PIS and 30 PLS schools.

I owe my sincere thanks and gratitude to Hon'ble Trustee Members for their guidance, patronage, encouragement and generously sanctioning funds for the present and future development of the school. We are grateful to them for helping the school grow and to enable us to fulfill the expectations of our students and the parents.

All the students of the school also deserve a pat on their back for their active and energetic participation and involvement in all the activities of the school even during pandemic.

From the humble beginning we made in 2018, having crossed many memorable milestones, today our school is a dream destination for students, teachers and parents alike. While expressing our gratitude **“We must remember that the highest appreciation is not to utter words but to live by them”**.

I would like to highlight some of our achievements and developments during the period of one year.

I am proud to share that Lotus Podar Learn School-Omerga received some awards in this year – Global School Awards – 2022-23 and The Outstanding Educational Network in India – The EconomicsTimes – 2022-23 have been received by Our Podar Education Network.

### **Academic Achievements**

The teaching faculty of Lotus Podar Learn School is doing their best, and in all modesty even in this pandemic. During pandemic teachers have proved that buildings can be shut down but learning goes on. We have recorded videos, prepared assignments on almost every topic taught to the students. Apart from this teacher prepared handwritten notes based on textbook exercises, workbook etc and uploaded on school's blog. So that student keeps learning at their own pace. Regular Exams were conducted on Eklavya (Online Platform) during pandemic through school's Betweenus app. All this has been possible due to the dedicated efforts on the part of the management, members of teaching and non-teaching faculty, students and the co-operation of the parents. It is our pleasure to inform our entire well –wishers that the school is maintaining excellent results in all areas. The efforts of our labour have certainly bore the sweet fruits of success.

To enhance teaching learning process we at Podar focus more on Academic of the students. In this we have **Symphonics** - which is a part of school curriculum where students are trained to read and pronounce proper letters and words.

To enhance subject knowledge and to improve performance of students, subject specific classes are conducted.

Remedial sheets and Subject wise revision question banks containing important questions of each chapter are provided to the students and parents through whatsapp, telegram and blog.

### **WORKSHOPS AND TRAININGS**

Podar is always on the path of development with the sole aim of professional development and accordingly different trainings were attended by the teachers. These initiatives served to enhance the teaching and learning processes carried out on the day-to-day basis. The details pertaining to workshops and trainings are available on schools website.

Also in order to facilitate the students with the competitive spirit, the school organizes different exams such as Cyber Olympiad, Maths Olympiad, English Olympiad and Science Olympiad, and General Knowledge Olympiad. Throughout the year different inter-house activities are conducted online to make students aware with every face of life and equipped them with the knowledge and skills to become a global citizen.

Throughout the year different inter-house activities are conducted online to make students aware with every face of life and equipped them with the knowledge and skills to become a global citizen.

## **CO-CURRICULAR ACTIVITIES**

Our Co-Curricular Program are designed to develop our students to be dynamic, future-ready individuals who not only live up to the school values of respect for self and others, integrity, passion for learning but also have the competency and capacity to excel.

## **ADMINISTRATION**

Administration is the platform on which a vibrant and efficient school develops. Student's safety and security is prime concern of school. To ensure this we conduct **trainings sessions for security guards**, Bus didi's, Drivers and housekeeping staff time to time. We trained them how to deal in worst scenario? Role of each member is decided, so that during emergency the things must be carried out smoothly and safely.

School also conducts fire drills quarterly to make students self-reliant to face such scenario if they come across.

## **SPORTS AND GAMES**

We are proud to declare that even in this pandemic we have successfully organized Sports activities in the school. Students have also brought laurels in games and sports.

We believe that sports-related activities not only keep the body fit, they also help build character as students develop a sense of ruggedness, resilience and teamwork.

We, Podarites, while basking in the glory of our success do not sit on our achieved laurels but tirelessly work to touch the zenith. I would like to quote lines of poem ‘Stopping by woods on a snowy Evening’ written by Robert Frost.

**“The woods are lovely, dark and deep**

**But I have promises to keep,**

**And miles to go before I sleep,**

**And miles to go before I sleep.”**

We assure you of our continued commitment to the cause of education and invoke the blessings of the Almighty to enable us to continue the tradition of excellence in all our pursuits.

Thank You All

**Jai Hind**
